

**Application for a License Agreement and Resource Protection Area Encroachment
for the Placement of a Dock within Swift Creek Reservoir**

Forms should be mailed to:
Chesterfield County Department of Utilities
Attention: Right of Way Office
P.O. Box 608
Chesterfield, VA 23832

Email: Rightofway@chesterfield.gov

Date:

This application initiates the process to obtain a license agreement from the Utilities department to place a dock within a Chesterfield County impoundment easement and approval from the Environmental Engineering department to encroach into a Chesapeake Bay Preservation Act Resource Protection Area (RPA). In addition to the license agreement and RPA encroachment permission, the construction, extension or full replacement of a dock in Swift Creek Reservoir requires a Building Permit. Issuance of the license agreement is required prior to submitting a separate application for building permit to construct the dock.

IV. Description of Project

V. License Agreement: Unexecuted Agreement to be delivered to Landowner via ☐ Mail ☐ Email ☐ Pick-up

FOR OFFICE USE ONLY

GPIN(s): _____ File Number: _____
Date Completed: _____
Application Submitted By: ☐ Mail ☐ Email ☐ Delivered

Materials and Exhibits Required for the Placement of a Dock in Swift Creek Reservoir

Include the following in your submittal as attachments:

- a. Standard Dock Plans/Drawings – **NOTE:** Maximum allowable length is 40 feet and maximum allowable width is 4 feet.
Docks with “L” or “T” structures are PROHIBITED.
- b. Floating Dock Plans/Drawings: Dock must either be guided by fixed poles every 8 feet of length with pole heights no shorter than 180 feet msl or be anchored to shore using other manufacturer’s approved system, provided the system is not a single point anchor. The dock anchoring system (i.e. either poles or manufacturer’s approved system) must be detailed in the license submittal plans. The material used for the floats must also be detailed in the plans and will be evaluated in coordination with section c. All other requirements of standard docks still apply.
- c. **Materials List – NOTE:** Pressure treated lumber, IPE wood, approved alternative material MoistureShield (composite decking by AERT), approved floating docks EZ-Dock or AccuDock, galvanized lag bolts, and porcelain coated screws are the only materials currently approved for construction of docks in Swift Creek Reservoir. Alternative materials may be considered on a case by case basis following a detailed evaluation of suitability and potential impacts to water quality. Cleaning of docks can be performed with pressure washing with water only (no soaps, detergents, cleaners, solvents, etc.)
 - **The following activities are PROHIBITED: human habitation on docks (no toilets, sinks, hose bibs, etc.); dredging other than to set pylons; painting, varnishing or use of organic solvents; use of herbicides or pesticides on dock or adjoining land.**
- d. Landowner of Reservoir Bottom’s Permission (SC Reservoir Holdings, LLC or others)
- e. Community Civic Association or HOA Approval/Permission
- f. U.S. Army Corps of Engineers Release Email
- g. Two colored digital photographs of the proposed dock site showing the current condition of the RPA buffer. One photo looking landward and one seaward from the center of the existing RPA buffer.
- h. A statement addressing HOW the dock will be accessed (via a new or existing path) and the number and types of vegetation (if any) that will be removed because of the dock installation and/or access.
- i. A plot plan showing the location of the proposed dock and the property the dock is intended to serve.
An example is provided below. Please include the following information on the plot plan:

- i. A notation whether the dock project is an expansion of an existing structure or is a proposed new structure.
- ii. The location of the proposed and/or existing dock in relation to the shoreline and property boundaries.
- iii. The dimensions of the proposed and/or existing dock.
- iv. The measurements from the proposed and/or existing dock to the right and left property lines and water’s edge.
- v. Include the following information regarding the property on which the dock is to be constructed: Owners name, address, GPIN, subdivision name, section and lot number.

Please contact Chesterfield County Planning Department if you have questions regarding the plot plan. (804-748-1050, or planning@chesterfield.org)
